

Projects Details

Sr. #	Student ID	Name	Topic of Presentation	Practical (Lab Database Build)	Presentation (Mandatory)
1	AF25LHB4729	Fareena Farooqi	Hospital Patient & Appointment Management System (Joins, Constraints, Triggers for appointment conflicts)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
2	AF25LHB4732	Akwela	University Library Book Issue/Return System (Normalization to 3NF, Triggers for fine calculation)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
3	AF25LHB4733	Muhammad Ibtisam	E-Commerce Order & Inventory Management (Subqueries, Stored Procedures for stock deduction)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
4	AF25LHB4734	Fatima Nasir	Bank Account & Transaction Management System (Views, Triggers for balance updates, ACID/Concurrency)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
5	AF25LHB4735	Ayesha Nasir	Airline Flight Reservation System (Joins, Constraints, Nested Queries for seat availability)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
6	AF25LHB4736	Muhammad Azeem	School Student Attendance & Grading System (Aggregate Functions, Views for report cards)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
7	AF25LHB4737	Muhammad Fahad Ameer	Restaurant Table Booking & Order Management (Joins, Stored Procedures for bill generation)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
8	AF25LHB4738	Isna Khan	Employee Payroll & Attendance Management System (Functions, Subqueries for salary calculation)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
9	AF25LHB4739	Yashfa Khan	Hotel Room Booking & Billing System (Constraints, Triggers to prevent double booking)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
10	AF25LHB4740	Meerab Azeem	Online Course Enrollment System (Normalization, Joins for student-course-instructor mapping)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
11	AF25LHB4741	Hafiz Muhammad Balaj Khan	Pharmacy Inventory & Sales Management System (Triggers for expiry alerts, Stock reports)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
12	AF25LHB4742	Hira Naveed	Public Transport Ticketing & Route Management (Subqueries, Aggregate Functions for fare reports)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
13	AF25LHB4743	Syeda Wajeeha Zahra Bokhari	Vehicle Rental & Maintenance Management System (Views, Constraints for booking conflicts)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
14	AF25LHB4795	Ameer Hamza Ashraf	Real Estate Property Listing & Client Management (Joins, Stored Procedures for matching listings)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo

Sr. #	Student ID	Name	Topic of Presentation	Practical (Lab Database Build)	Presentation (Mandatory)
15	AF25LHB4797	Mohid Hussain Mughal	Gym Membership & Fee Management System (Triggers for membership expiry, Reports)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
16	AF25LHB4799	Iqra Bibi	Retail Point-of-Sale (POS) & Billing System (Functions, Views for daily sales summary)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
17	AF25LHB4800	Amara Subhan	Blood Bank Donor & Inventory Management System (Constraints, Triggers for stock alerts)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
18	AF25LHB4801	Ansab Ameer	Courier & Parcel Tracking Management System (Joins, Subqueries for shipment status)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
19	AF25LHB4804	Gohar ALi	Online Job Portal (Applicant & Employer Matching System) (Normalization, Joins, Views)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
20	AF25LHB4805	Usama khan	Event Management & Ticket Booking System (Stored Procedures, Triggers for seat allocation)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
21	AF25LHB4557	Aleeha Akhtar	Insurance Policy & Claims Management System (Views, Functions for premium calculation)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
22		Jan-e-Alam	Warehouse Stock & Supply Chain Management System (Subqueries, Aggregate Functions for reorder alerts)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
23	AF25LHB4730	Sam Yaqoob	Sports Club Membership & Tournament Management System (Joins, Stored Procedures for match scheduling)	Build full working MySQL database (schema + sample data + queries) individually	Mandatory - 8-10 min individual presentation + live demo
