

Riphah International Colleges
A Project of Riphah International University, Lahore
Course Outline

Course Information	Course Title	Multimedia Production				
	Course ID	CS-2233		Course Type	Major	
	Credit hours	3 (3-0)		Hours per week (C-L)	3 (3-0)	
	Programs	ADP IT-Management		Preferred Semester		
	Semester	4 th Semester		Version	2.0	
Course Description	This is a practicum course applying the pragmatic approach to give you the opportunity to apply technical knowledge in In Digital media production. In today’s world the digital media production is of immense importance that require the human resource that can meet the challenges of content market. This course will provide all the aspect of media production from tools to theoretical knowledge that can be applied to both social media and other platforms.					
Course Objectives (CO)	The objective of this course is to enable students to understand;					
	No.	Objective			Relation with PEO	
	CO1.	Learn the history of multimedia and how human brains process information through sight and sound using the Dual Coding and Cognitive Load theories.				
	CO2.	Develop hands-on skills in professional software including Photoshop/Figma for images, Audacity for sound, and Premiere Pro/CapCut for high-quality video production.				
	CO3.	Learn to design interactive products, simulations, and basic animations using Scratch to keep audiences engaged.				
	CO4.	Practice the complete "real-world" process of media creation : from initial planning and budgeting (costing) to designing, producing, and finally publishing content for social media and web platforms.				
	CO5.	Gain the ability to look at existing websites or videos and identify if they are easy to use (navigation) and effective for learning (instructional design)				
Course Learning Outcomes (CLO)	At the end of this course students will be able to;					
	No.	Outcome		Relation with PLO	BT Level	PLO Level
	CLO1.	Describe how people learn from words and pictures by identifying key rules like the Dual Coding and Cognitive Load theories.		PLO-1	C2	
	CLO2.	Create and edit high-quality images, audio, and videos using professional tools like Photoshop, Audacity, and Premiere Pro/CapCut .		PLO-2	P3	
	CLO3.	Develop simple interactive projects and animations using tools like Scratch to show how users can engage with digital media.		PLO-3	C3	
	CLO4.	Analyze and critique existing videos or websites to see if they follow good design rules and are easy for people to use.		PLO-4	C4	
	CLO5.	Organize a media project from start to finish, including planning the idea, estimating costs, and saving files in the right formats for social media or the web.		PLO-3	C3	
Lecture type	Lectures & Practical Demonstrations					
Prerequisites	N/A					
Follow up Courses	N/A					

TEXTBOOKS AND REFERENCE BOOKS:

Textbook	Title	Editi	Authors	Publisher	Year	ISBN
----------	-------	-------	---------	-----------	------	------

		on				
	The Cambridge Handbook of Multimedia Learning		Mayer, R.E.	Cambridge University Press.	2005	
Reference Books & Reference Material	Multimedia learning.		Mayer, R.E.	Cambridge University Press.	2001	
	Instructional media and technologies for learning		Upper Saddle & River, NJ	Prentice-Hall	1999	
	Multimedia for Learning: Methods and Development		Alessi, S. M., & Trollip, S. R.	Boston, MA: Allyn & Bacon, Inc	2001	9780205276912
	Adobe Fireworks CS5 Classroom in a Book: Adobe Training book		Jim Babbage	Adobe Press		
	Audacity. The Free, Cross-Platform Sound Editor	http://audacity.sourceforge.net				
	Scratch Tool Online Tool	http://scratch.mit.edu/				
	Books QR-Code					
Tools and Technologies		Audacity, Windows Movie Maker, Scratch, Premiere Pro/CapCut and Photoshop/Figma etc.

Course Outline (Multimedia Production)

Course Contents

Week No.	Topic	Lecture No.	Lecture Contents	Relation with CLO	Lecture Material	Class Activity	Tasks
W1.	Overview and Introduction	L1	Course Overview and Study Scheme Introduction to Multimedia, Hypermedia and different related key terms	CLO-1	Mayer (2021): Ch. 1 (The Promise of Multimedia Learning); Heinich: Ch. 1.		
		L2	- Brief history of multimedia - Benefits and examples of multimedia, hypermedia, hypertext.				
W2.	Multimedia Learning Theories	L3 & L4	- Theories of Multimedia Learning - Cognitive Theory of Multimedia - Dual Coding Theory	CLO-1	Mayer (2021): Ch. 3 (Cognitive Theory of Multimedia Learning).	Multimedia Project Briefing	
W3.	Implication of Theories and Integrated Models	L5 & L6	- Implications of Cognitive Load Theory to Multimedia Learning - Integrated Models of Text and Picture Comprehension	CLO-1, CLO-2	Mayer (2021): Ch. 4; Heinich: Ch. 3 (Visual Principles).	Assignment 1	
			The Four-Component Instructional Design Model				
W4.	Graphics Functions & Multimedia Principles Overview	L7	Functions of Graphics	CLO-2	Heinich: Ch. 4 (Design Principles); Non-Designer's Design Book.	Quiz 1	
		L8	Multimedia Learning Improvement techniques?				
W5.	Multimedia Principles & Visual Design Principles	L9 & L10	- Multimedia Principles in Environments for Complex Learning - Visual Design Principles: Balance, Harmony, Closure, Proximity, Contrast, Color, Alignment, Emphasis	CLO-1, CLO-4	Mayer (2021): Ch. 5 (Signaling) & Ch. 10 (Segmenting).	Assignment 2	
W6.	Principles & Techniques for Reducing Extraneous Processing	L11 & L12	- Principles & Techniques for Reducing Extraneous Processing - Coherence principle - Signaling principle - Redundancy principle - Spatial contiguity principle - Temporal contiguity principle	CLO-1, CLO-4	Mayer (2021): Ch. 6 (Coherence) & Ch. 8-9 (Contiguity).	Quiz 2	
W7.	Principles & Techniques for Fostering Generative Processing	L13 & L14	- Principles & Techniques for Fostering Generative Processing - Segmenting principle - Pre-training principle - Modality principle	CLO-1	Mayer (2021): Ch. 13 (Personalization) & Ch. 14 (Voice).		

Week No.	Topic	Lecture No.	Lecture Contents	Relation with CLO	Lecture Material	Class Activity	Tasks
W8.	Principles & Techniques for Managing Essential Processing	L15 & L16	- Principles & Techniques for Managing Essential Processing - Personalization principle - Voice principle	CLO-2	Mayer (2021): Ch. 13 (Personalization) & Ch. 14 (Voice).		
W9.	Mid Term Exam Week	L17 & L18	Mid Term Examination (CLO-1, 2 and 4)				
W10.	Introduction & Applications of Multimedia Tools	L19	Introduction to Multimedia Tools & Trends	CLO-2	- Heinich: Ch. 7 (Audio); Audacity User Manual., - Ch.8 (Video Production); Premiere Pro/CapCut Guides.		
		L20	Applications of different Multimedia Tools (Audacity, Windows Movie Maker, Scratch, Premiere Pro/CapCut and Photoshop/Figma etc.)				
W11.	Creating Multimedia using Multimedia Tools	L21 & L22	Creating Multimedia Text, Sound, Images, Video and animation using Multimedia Tools	CLO-2	Mayer (2021): Ch. 15 (Social Cues in Multimedia Learning).	Assignment 3	
W12.	Principles of Stack Design & Mayer's Multimedia Learning	L23	Principles of Stack Design in Multimedia Learning	CLO-3, CLO-4	- Alessi & Trollip: Ch. 2 (Interactivity & Navigation), - Mayer (2005) Handbook: Section II (Principles of Design).	Quiz 3	
		L24	- Mayer's Multimedia Learning Principles in detail - Relation with Stack Design Principles and Mayers Multimedia Learning Principles				
W13.	Publishing Steps for Multimedia Projects with different file formats	L25	- Publishing Steps for Multimedia Projects - Optimization and Export Methods - Platform Specific Delivery formats and Methods - Post Publishing Workflow	CLO-3, CLO-1	Alessi & Trollip: Ch. 12 (Quality & Distribution).		
		L26	Different Multimedia Publishing file formats with characteristics				
W14.	Multimedia Delivery Process:	L27 & L28	- Multimedia Delivery Process: - Planning: The Foundation - Costing: Budgeting and Resources - Designing the Blueprint - Producing Deliverables	CLO-5	Heinich: Ch. 10 (Designing & Producing Media).	Assignment 4	

Week No.	Topic	Lecture No.	Lecture Contents	Relation with CLO	Lecture Material	Class Activity	Tasks
W15.	Different Multimedia Learning	L29 & L30	• Multimedia Learning in Advanced Computer-Based Contexts • Multimedia Learning with Animated Pedagogical Agents • Multimedia Learning in Virtual Reality • Multimedia Learning with Games, Simulations, and Micro worlds • Multimedia Learning with Hypermedia • Multimedia Learning in E-Courses	CLO-5	• Mayer (2021): Ch. 16 (VR), Ch. 17 (Agents), Ch. 18 (Games).	Quiz 4	
W16.	Advanced Multimedia Principles	L31 & L32	• Advanced Multimedia Principles for ○ Guided-discovery ○ Workout example ○ Collaboration ○ Self-explanation ○ Animation and interactivity ○ Navigation ○ Site map ○ Prior knowledge ○ Cognitive aging	CLO-3, CLO-4	• Mayer (2021): Ch. 19 (Cognitive Aging & Advanced Principles).		
W17.	Presentation & Revision	L33 & L34	• Multimedia Project Presentations and Revision			Presentations	
W18.			• Final Term Exam
